---

I am coordinating with our Local Government Division, which would in turn coordinate with them. In fact, I was just in a meeting with our LGD folks discussing that very topic – how and when to coordinate with the County. The thought was to first have our call to further “rough out” an approach, then give them a call. Let me know if that works for you all, or if you have anything to add.

Jeff, are you coordinating with the county?
